

Auction software

Bidsonline – Who Are We ?

A small I.T. team based in Sydney specialising in auction software.

Commenced business in 2006 with offices in Sydney and Brisbane. Our products include:

Carsplus : Software for car auctioneers

AutoFleet: Vendor reporting

EasyBids: Software for general auctioneers

Simulcast bidding
Online auctions and tenders

Dutch auctions for perishable products

Livestock auctions

Bidsonline Pty. Ltd is owned by Paul Taylor & family. No auction companies have any financial interest in the company.

Our office at Baulkham Hills, Sydney

Data centre at Global Switch housing our servers and 2 100mb internet links

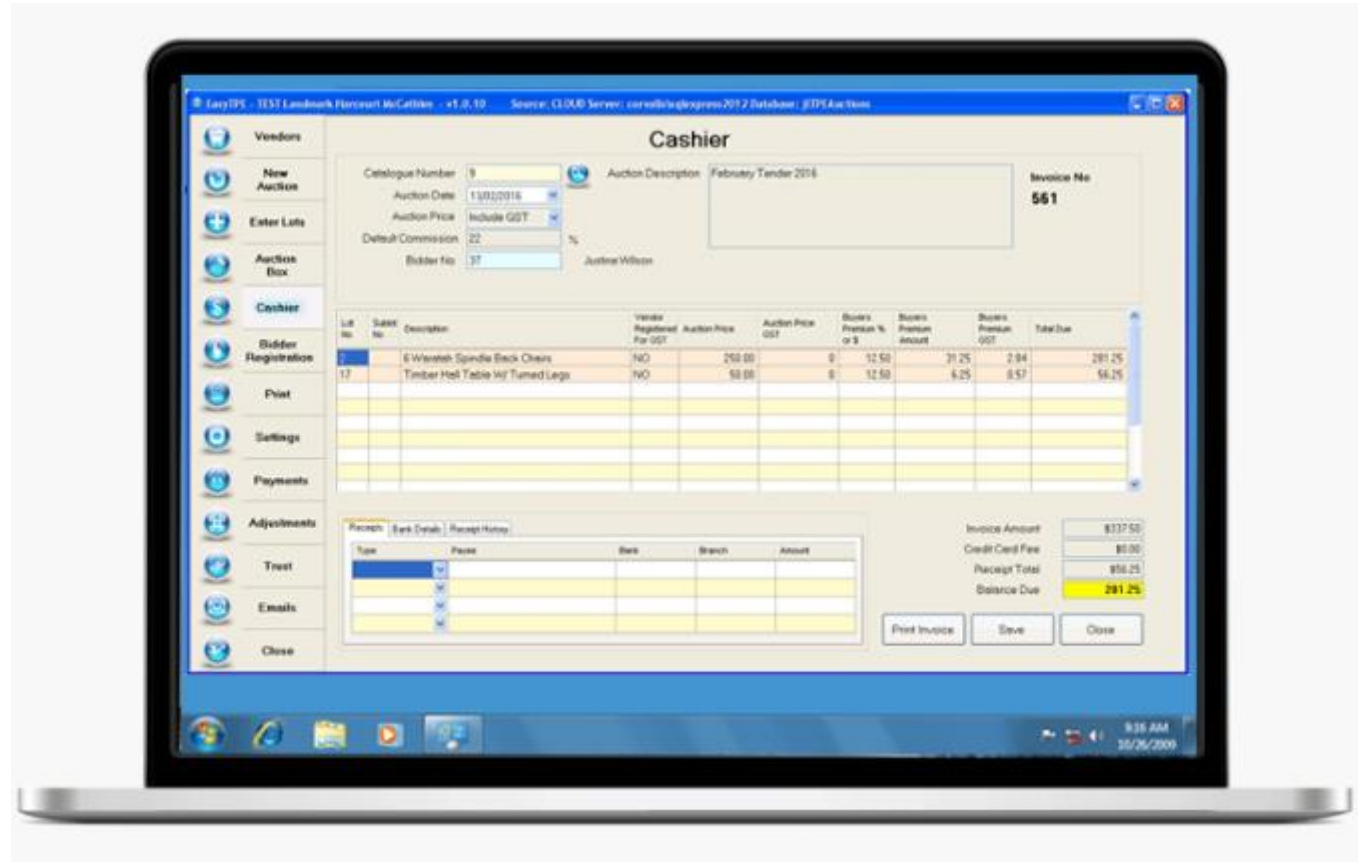

New software for general auctioneers.

Run from the Cloud

Or installed on your network.

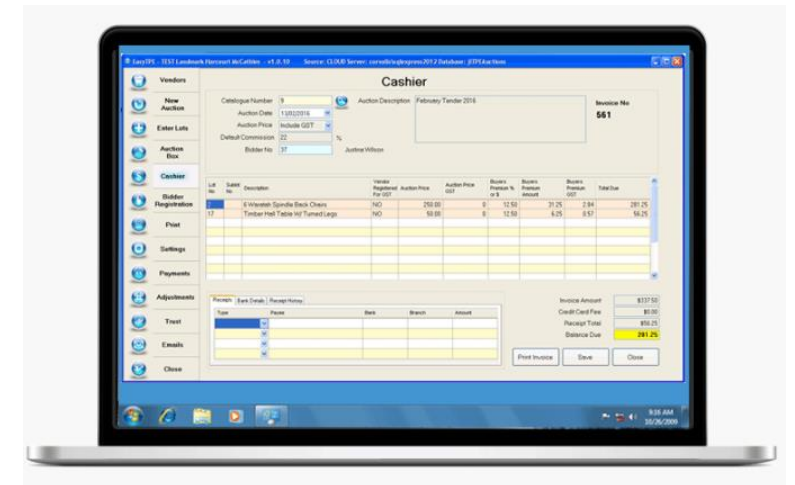

Simple and easy to use.

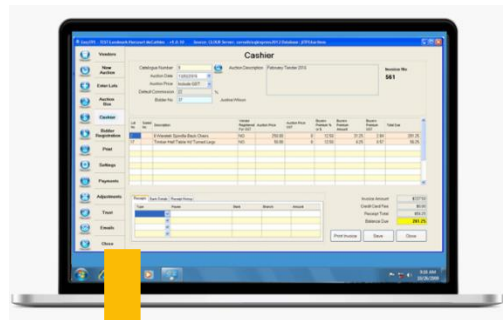

Features

- EasyBids has been designed to meet the requirements of small and medium sized auctioneers. It is simple to use and fast.
- Create catalogues and enter the lots or import from a spreadsheet. Run auctions including or excluding GST. Separate buyer's premium for each lot if needed.
- Register your bidders when they arrive, if they have registered before their details are automatically loaded.
- Very fast input of auction results. Automatically calculates vendor commission.
- Pay your vendors, EasyBids automatically checks if you have been paid.
- Reconcile your trust bank account and meet your statutory requirements.

Easy to Use

- ✓ Designed as a PC App for fast data entry.
- ✓ Drag menu item and drop to have multiple screens on your desktop.
- ✓ Drill down reports

Easy to use trust ledger:

- ✓ Pay vendors by EFT or cheque. EasyBids will prevent you from paying vendors if the buyer has not paid. Verifies that cheques are cleared.
- ✓ Automatically compiles a cheque or EFT for amounts due to the auctioneer.
- ✓ Trust bank reconciliation including reconciling report of trust ledgers.
- ✓ Complies with all State legislation

Integrate with internet auctions ? – Easy!

- ✓ Catalogues are automatically loaded to your web site for online and simulcast auctions. Any changes to the catalogue are automatically made for you. No need to re-load!
- ✓ Photographs automatically loaded.
- ✓ Updates EasyBids with online sales and deposits paid.

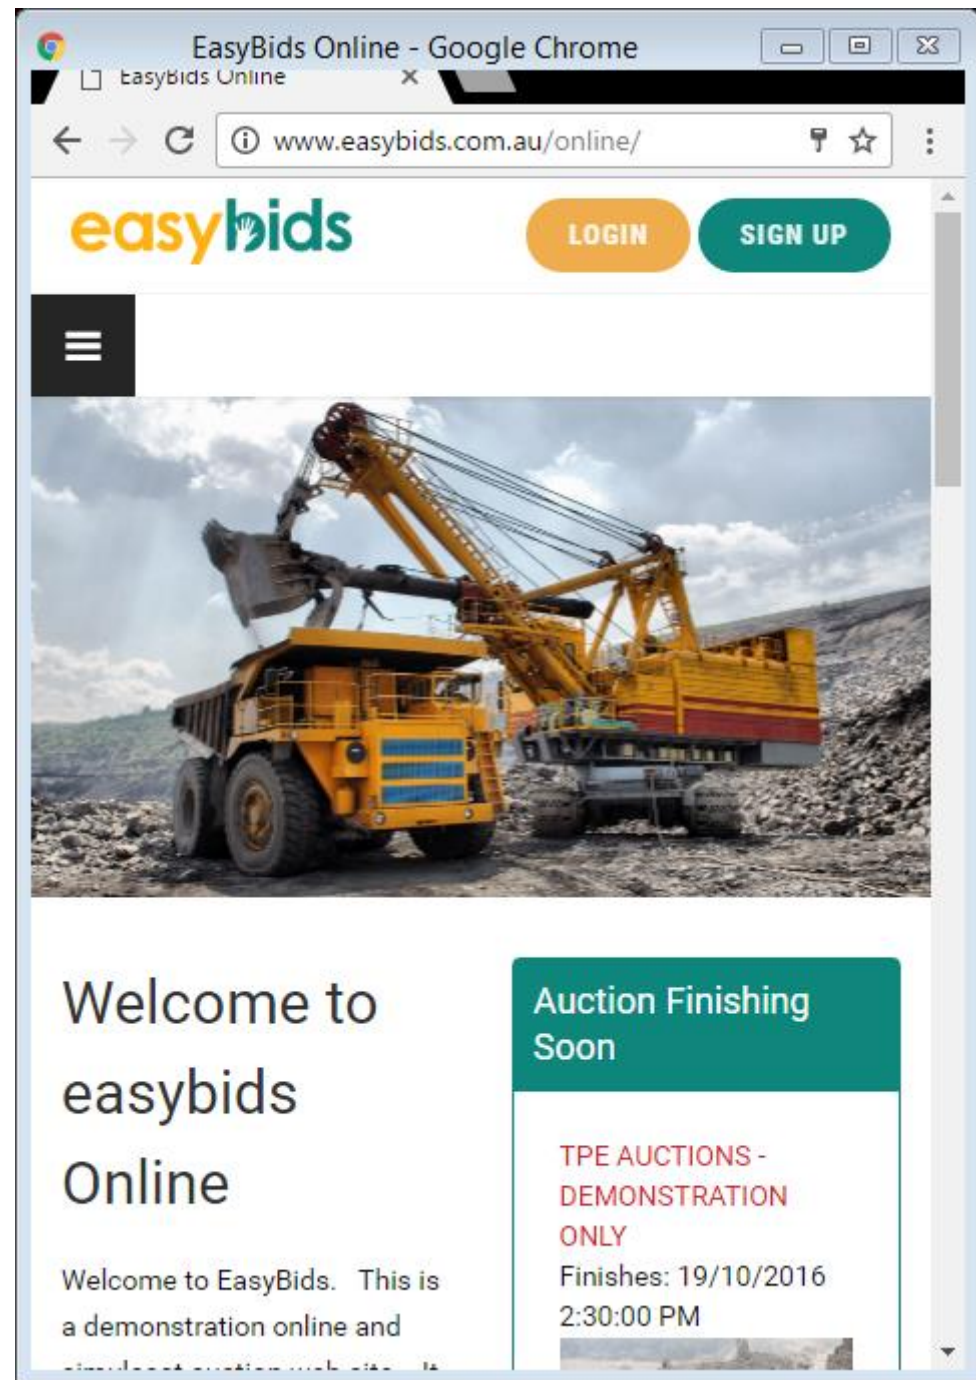

Web sites

Bidsonline develops and hosts web sites for auctioneers.

Template responsive web site to suit I pads, mobile phones and PCs.

Bidsonline can customise your simulcast and online auction.

Fully Integrated with EasyBids software. As soon catalogues are created they are replicated to your web site.

Online simultaneous auctions

Developed by Bidsonline for Instant bidding. Bidders can see and view all lots on the one screen and respond instantly when they are outbid.

Lots close when all bidding is exhausted. The lot closing time is automatically extended when there is active bidding.

This is designed to get the best price for the vendor and have a quick auction for the buyers.

EASYREPORT

Online vendor access to EasyBids

With EasyReport vendors can:

- Book consignments for transport
- View valuations and set reserves.
- Release items for sale
- View auction reports and payment advices.
- Advise the auctioneer to sell or refer during a live simulcast auction.

The screenshot shows the EASYREPORT web interface. At the top right, it says "User: Paul taylor". The navigation menu includes "Home", "Daily Jobs", "Item Reports", "Management Reports", and "Logout". The "Item Search" section has a "Search By:" dropdown set to "Asset No." with an adjacent input field and a search icon. Below this, it says "or Search By Category / Make / Model,". There are three dropdown menus: "Category" (Please select a Category), "Make" (Please select a make), and "Model" (All Models). A blue "SEARCH" button is to the right. Below the search section is a "Contacts" table.

Bidsonline	Paul Taylor	(02) 8850 1192	0412 075 586		ptaylor@bidsonline.com.au
Support	Robert Joiner	(07) 3368 9084	0432 289 334		rjoiner@bidsonline.com.au

With EasyReport vendors can view online :

Pre-auction report – listing all items for auction and their reserves.

Post auction report – the results of the auction. Each lot is automatically updated as it is sold or referred from the auction box.

Payment advice – as soon as the vendor’s payment is drawn it is automatically loaded on to EasyReport detailing all sale proceeds and deductions.
